NOTICE  
OR  
PLAN OF OPERATIONS

(For Operations Proposed Under the 43 CFR 3809 Regulations)

**Instructions to Claimant/Operator:** Circle "Notice" (above) if proposed mining activity within the project area will disturb a total of five (5) acres or less during the calendar year. Circle "Plan of Operations" if disturbance will exceed five (5) acres during the calendar year or if operations are within one of the specially designated areas described in 43 CFR 3809.1-4(b). Complete the form in as much detail as possible. Additional sheets may be used if necessary. Use maps or sketches where appropriate (maps or sketches are required for submitted plans of operations and are recommended, for submitted notices). A review of the 43 CFR 3809 regulations should be conducted prior to completion of this form and submission to the appropriate BLM office.

Claim Information (Claim names, circle claim types (Lode, Placer, Mill Site, Tunnel), UMC Serial Number):

Wonder 2      N.T.U. - 71533  
U.M.C. - 356168

Location of Proposed Activity (i.e. County, Township, Range, Section and Quarter section):

Sevier County, Township 26 South Range 4 West  
Section 23. North east quarter section west half.

Describe Pre-Existing Disturbances and Structures or Indicate on Maps or Sketches (Mine and Mill Facilities, Workings, Tailings, Dump Areas, etc. It may be to your advantage to document existing disturbance with photographs):

Existing access roads to mining disturbance  
Pre-existing mine consisting of ~~a~~ a mine shaft  
and open face mine

Describe Access Routes (Existing and proposed, for proposed road construction specify length and width in feet):

Mine access road already in place  
No new road construction proposed.

Proposed Operations: Describe the entire proposed operation, including the type of material being removed and all surface disturbing activities (road construction, drilling, trenching, backhoe and bulldozer exploration, mining, waste disposal, etc.). List all mechanized earth moving equipment to be used during the operation and state if any explosives are to be utilized. Describe and furnish a map or sketch, when applicable, showing existing surface disturbances, structures, facilities, etc., and the location and size of areas where surface disturbance are proposed, including existing and/or proposed routes of access. Calculate the total acreage proposed for disturbance (1 AC. = 43,560 sq. ft.)

It is purposed to mine and remove a banded rhyolite flagstone from an existing mine site. The banded rhyolite exists in large flat sheets and will be used as a building stone. Mining activity will consist of excavating with a backhoe or track hoe. Explosives in lite charges maybe used to loosen up hard material.

Date Operations are Proposed to Commence as Outlined in this Submittal - (Month, Day, Year):

activity will begin in or around October 1st, 1996 and continue until October 1st 1997

Proposed Completion Date - (Month, Day, Year):

Indefinite activity, ongoing a yearly reevaluation

Proposed Reclamation: Describe the proposed reclamation procedures and other measures to be taken to prevent unnecessary or undue degradation of the lands, including measures to be taken if a period of non-operation is anticipated. When reclamation has been completed, the Authorized Officer of the BLM shall be notified so that an inspection of the area can be made.

All areas affected will be recontoured to blend into surrounding area

I hereby declare that I, or persons I have authorized to do so, will complete all necessary reclamation of areas disturbed during the course of my operations to the standards described in 43 CFR 3809.1-3(d) and that reasonable measure will be taken to prevent unnecessary or undue degradation of the federal lands during operations.

Steven LaMer Seemore Pres.

Notice to Claimants/Operators:

1. A notice submitted in relation to the 43 CFR 3809 regulations does not require approval from the BLM. However, notification of such activities shall be made at least 15 days before commencing operations. Approval of a submitted plan of operations is required from the BLM prior to commencing operations. The BLM will promptly acknowledge receipt of a plan and will notify the claimant/operator of the status of the plan within 30 days of receipt.
2. Approval of a plan of operations does not constitute certification of ownership to any person named as claimant/operator herein, nor does approval constitute recognition of the validity of any mining claims named herein.
3. Information and data submitted and specifically identified by the operator as containing trade secrets or confidential or privileged commercial or financial information should be attached to a separate page and cited in the text of the notice or plan of operations. This information will be filed separately by the BLM and will not be available for public inspection.
4. Failure of an operator to file a notice under 3809.1 - 3 or a plan of operations under 3809.1 - 4 will be subject to the operator, at the discretion of the authorized officer, to being served a notice of non-compliance or enjoined from the continuation of such operations by a court order until such time as a plan or notice is filed with the authorized officer.

Location of Proposed Activity (i.e. County, Township, Range, Section and Quarter section):

Sevier County Township 26 South Range 4 West  
Section 23 North east quarter section west half

Describe Pre-Existing Disturbances and Structures or Indicate on Maps or Sketches (Mine and Mill Facilities, Workings, Tailings, Dump Areas, etc. It may be to your advantage to document existing disturbance with photographs):

Some old existing access roads to Drill pads  
Some hand excavating along old access roads

Describe Access Routes (Existing and proposed, for proposed road construction specify length and width in feet):

Old existing access roads to Drill pads  
No new road construction purposed

Proposed Operations: Describe the entire proposed operation, including the type of material being removed and all surface disturbing activities (road construction, drilling, trenching, backhoe and bulldozer exploration, mining, waste disposal, etc.). List all mechanized earth moving equipment to be used during the operation and state if any explosives are to be utilized. Describe and furnish a map or sketch, when applicable, showing existing surface disturbances, structures, facilities, etc., and the location and size of areas where surface disturbance are proposed, including existing and/or-proposed routes of access. Calculate the total acreage proposed for disturbance (1 AC. = 43,560 sq. ft.).

It is purposed to mine and remove a banded rhyolite stone from existing mine sites located along existing access roads. Mining activity will consist of breaking rock out with a 1400B JCB Backhoe with a rock breaker mounted on the back and hand tools. Less than 2 acres will be affected.

Date Operations are Proposed to Commence as Outlined in this Submittal - (Month, Day, Year):

Beginning July 17 1995

Proposed Completion Date - (Month, Day, Year):

Completed June 15 1996

Proposed Reclamation: Describe the proposed reclamation procedures and other measures to be taken to prevent unnecessary or undue degradation of the lands, including measures to be taken if a period of non-operation is anticipated. When reclamation has been completed, the Authorized Officer of the BLM shall be notified so that an inspection of the area can be made.

All areas affected will be recontoured to fit into the surrounding area

I hereby declare that I, or persons I have authorized to do so, will complete all necessary reclamation of areas disturbed during the course of my operations to the standards described in 43 CFR 3809.1-3(d) and that reasonable measure will be taken to prevent unnecessary or undue degradation of the federal lands during operations.
